

ABBREVIATIONS:

AFK=arthrofibrosis
ACDF=Anterior Cervical Discectomy and Fusion
ACLR=ACL Reconstruction
ALIF=Anterior Lumbar Interbody Fusion
Allo=Allograft[donor from another person]
Auto=Autograft[donor from patient's own tissues]
AS=Ankylosing Spondylitis
B or BILAT.=bilateral
BBFFx=both bone forearm fracture [radius and ulna]
BTB=bone tendon bone autograft(for ACLR)
CRPS=Complex Regional Pain Syndrome
C.P. LFC= chondroplasty lateral femoral condyle
C.P. MFC=chondroplasty medial femoral condyle
C.P. patella= chondroplasty of patella
C.P. trochlea= chondroplasty of femoral trochlea
C=cervical spine
C-spine=cervical spine
DDD=degenerative disk disease
DLIF=Direct lateral interbody fusion
DOI=date of injury
DOS=date of surgery
ESI=epidural steroid injection
HNP=herniated nucleus pulposis
HS=-hamstring autograft(for ACLR or other sites)
ICBG=Iliac Crest Bone Graft
IO=inside-to-outside meniscus repair
LCLR=lateral collateral ligament reconstruction
LMR=lateral meniscus repair
L=Lumbar spine
L-spine=Lumbar spine
MCLR=MCL repair or reconstruction
MOI=mechanism of injury
MMR=medial meniscus repair
NON-OP ACLT=ACL tear that is treated without an ACL repair or reconstruction
OPLL-Ossifying Posterior Longitudinal Ligament
PCLR=PCL Reconstruction
PLIF=Posterolateral interbody fusion
PLM=partial lateral meniscectomy
PLR=posterolateral reconstruction or repair
PMM=partial medial meniscectomy
PSF=Posterior spinal fusion
RA=Rheumatoid arthritis
RCR=Rotator Cuff Repair

RSD=Reflex Sympathetic Dystrophy

SLE=Systemic lupus erythromatosis

T=thoracic spine

T-spine=thoracic spine

TLIF=Transforaminal interbody fusion

THR=total hip replacement

TKR=total knee replacement

TSR=total shoulder replacement

XLIF=Extreme lateral interbody fusion[Nuvasive or Medtronic]
